

Beyond The Guest Room

THE CORBY ARCHIVE:
One of Corby’s earliest manual presses, from the beginnings of its garment care legacy.

Bremmer joins the Corby Of Windsor collection

The spaces around the guest room matter too. Established in 1994 and a part of Fired Up Corporation since 2021, Bremmer brings over 30 years of engineering expertise to high-traffic environments worldwide. It's range of hand dryers, dispensers, bins and accessibility products adds practical performance and dependable design to the Corby Of Windsor collection.

Latest News & Updates

Hilton Istanbul Airport

Hilton Istanbul Airport marks Hilton's 100th hotel in Türkiye, bringing 485 contemporary guest rooms directly to one of the world's busiest travel hubs. For the new opening, we supplied a wide range of OS&E essentials, including kettles, garment care products, bins, drawer minibars and safes, helping create practical, well-equipped spaces from day one.

Global Expansion

Strengthening our presence in the USA, Brand and Business Development Manager Elaine Tan recently travelled to the United States after being invited to attend a hospitality conference. The event brought together industry professionals and provided an opportunity to showcase Corby of Windsor, strengthen existing relationships and explore new opportunities in this important market. During the visit, Elaine also met with key clients to discuss stronger relationship, future requirements and how we can continue to support their evolving needs.

New Showroom for Corby of Windsor

Our new Corby of Windsor showroom brings the collection together under one roof, creating a space to explore our products, heritage and approach to hospitality. From guest room essentials to the latest additions to our portfolio, the showroom offers a closer look at the details, design and engineering behind the products trusted by hotels around the world.
