ABOUT THIS PRODUCT

The Stockbridge 12L Swing Top Bin combines durable steel construction with a sophisticated brushed steel finish, offering a stylish waste solution for contemporary hospitality environments. Designed with a smooth 360-degree swing top lid for effortless disposal from any angle, it delivers both convenience and refined presentation. The dual layered wall discreetly conceal liners, maintaining a clean, seamless appearance while making bag changes quick and efficient. Ideal for hotel guest rooms and bathrooms, the Stockbridge balances elegant design with everyday practicality, creating a polished and professional finish in any space.
