ABOUT THIS PRODUCT

The Buxton Rectangle Tissue Box Holder brings a refined touch to guest bedrooms and bathrooms. Crafted from BUSA bamboo one of the world's most sustainable materials it offers a clean, contemporary aesthetic that complements modern hotel interiors. Designed to sit neatly over standard tissue box refills, the open-bottom construction allows for easy placement and replacement, while a discreet top slot ensures smooth access to tissues. Durable, practical and thoughtfully designed, this holder enhances in-room presentation while supporting more sustainable hospitality spaces.
