

BREMMER
Dependable by Design

Commercial Hygiene Solutions
2026/27 Collection

INTRODUCTION

Dependable by Design

We at Bremmer specialise in the manufacture and supply of hygiene-driven products for the public sector. Established in 1994, we originally built our expertise in hand dryers, and have since expanded our range to include dispensers, public hair dryers and other essential washroom solutions. With decades of industry experience, we ensure our products are designed and produced to consistent standards, meeting the practical and regulatory requirements of the environments they serve. Our commitment to quality and functionality has made Bremmer a trusted supplier across a wide range of public facilities. All Bremmer electrical products are backed by a comprehensive 2-year guarantee for added peace of mind.

Contents

03

Introduction

Our story from where we started and where we're headed.

05

What We Do

As hygiene specialists, we are dedicated to delivering high-quality, reliable solutions.

07

Hand Dryers

Efficient and reliable hand dryers designed to reduce running costs and environmental impact.

25

Gym/Spa Hair Dryer

Efficient and robust hair dryer designed for quick, comfortable drying in gyms, spas, and other public spaces.

29

Paper Dispensers

Durable and hygienic paper dispensers designed for easy, efficient access in any restroom setting.

39

Soap Dispensers

Hygienic, easy-to-use soap dispensers for clean, convenient hand washing in any environment.

47

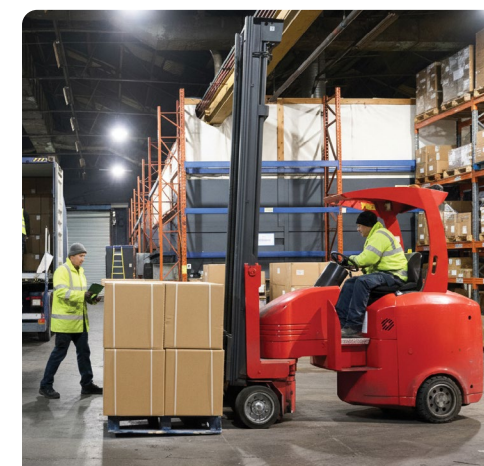

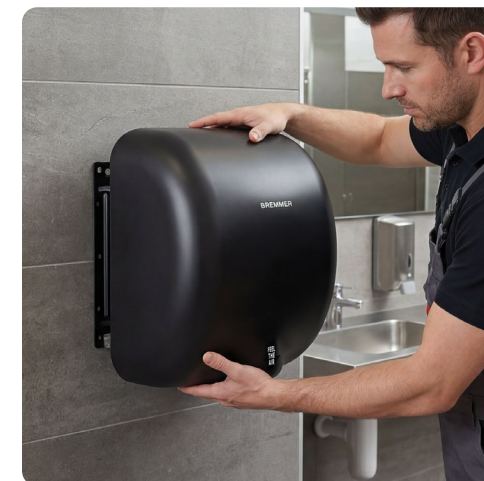

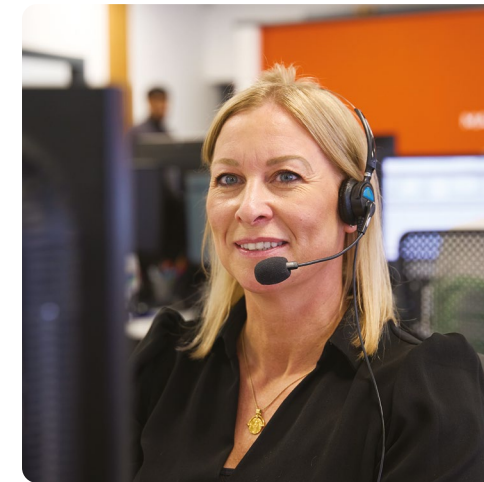

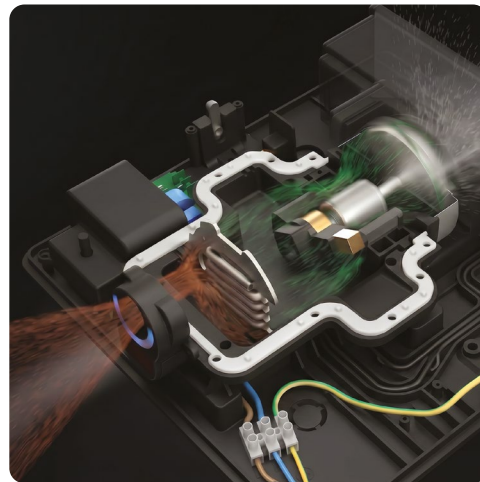

Restroom Fixtures

Durable restroom fixtures designed for cleanliness, accessibility, and everyday use.

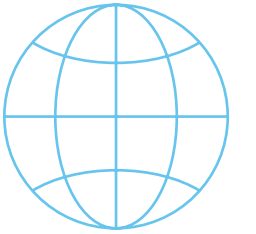

55

Baby Changing

Safe, sturdy baby changing stations designed for hygienic and convenient childcare in public spaces.

Worldwide Delivery & Assistance

We maintain exceptionally high levels of strategic stock holding and advanced logistics capabilities across the UK, Europe, the United States, and China. Supported by flexible direct shipping solutions and an established network of stock holding distributors in key high-growth markets, we ensure seamless, responsive global supply.

Our extensive expertise in international certification and accreditation is underpinned by our deep-rooted experience in the export and worldwide distribution of electrical products. This enables us to navigate complex regulatory environments with ease, delivering trusted, compliant solutions across global markets.

Part of Fired Up Corporation

In 2022, Bremmer became part of Fired Up Corporation. Fired Up Corporation is a global manufacturer and direct sourcing expert, with multiple factories and distribution centres around the world. Its expertise is within electrical appliances, producing over 800,000 products per year. Operating a portfolio of 10 established product brands, Fired Up Corporation combines manufacturing efficiency with strong brand management and supply chain capabilities.

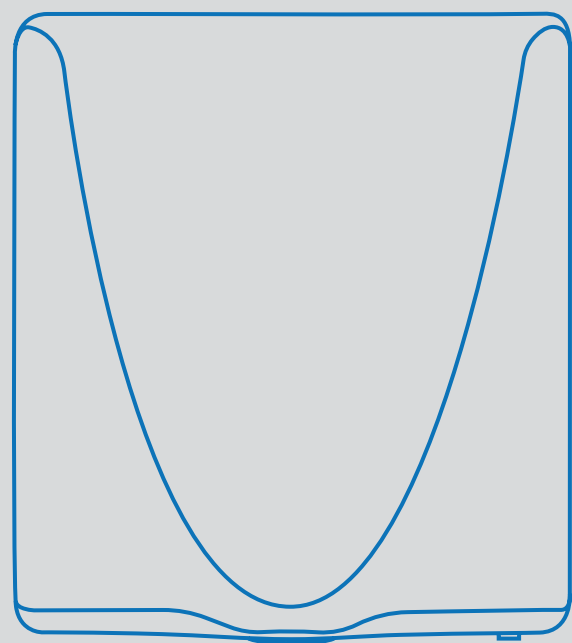

WHAT WE DO

Hygiene Specialists

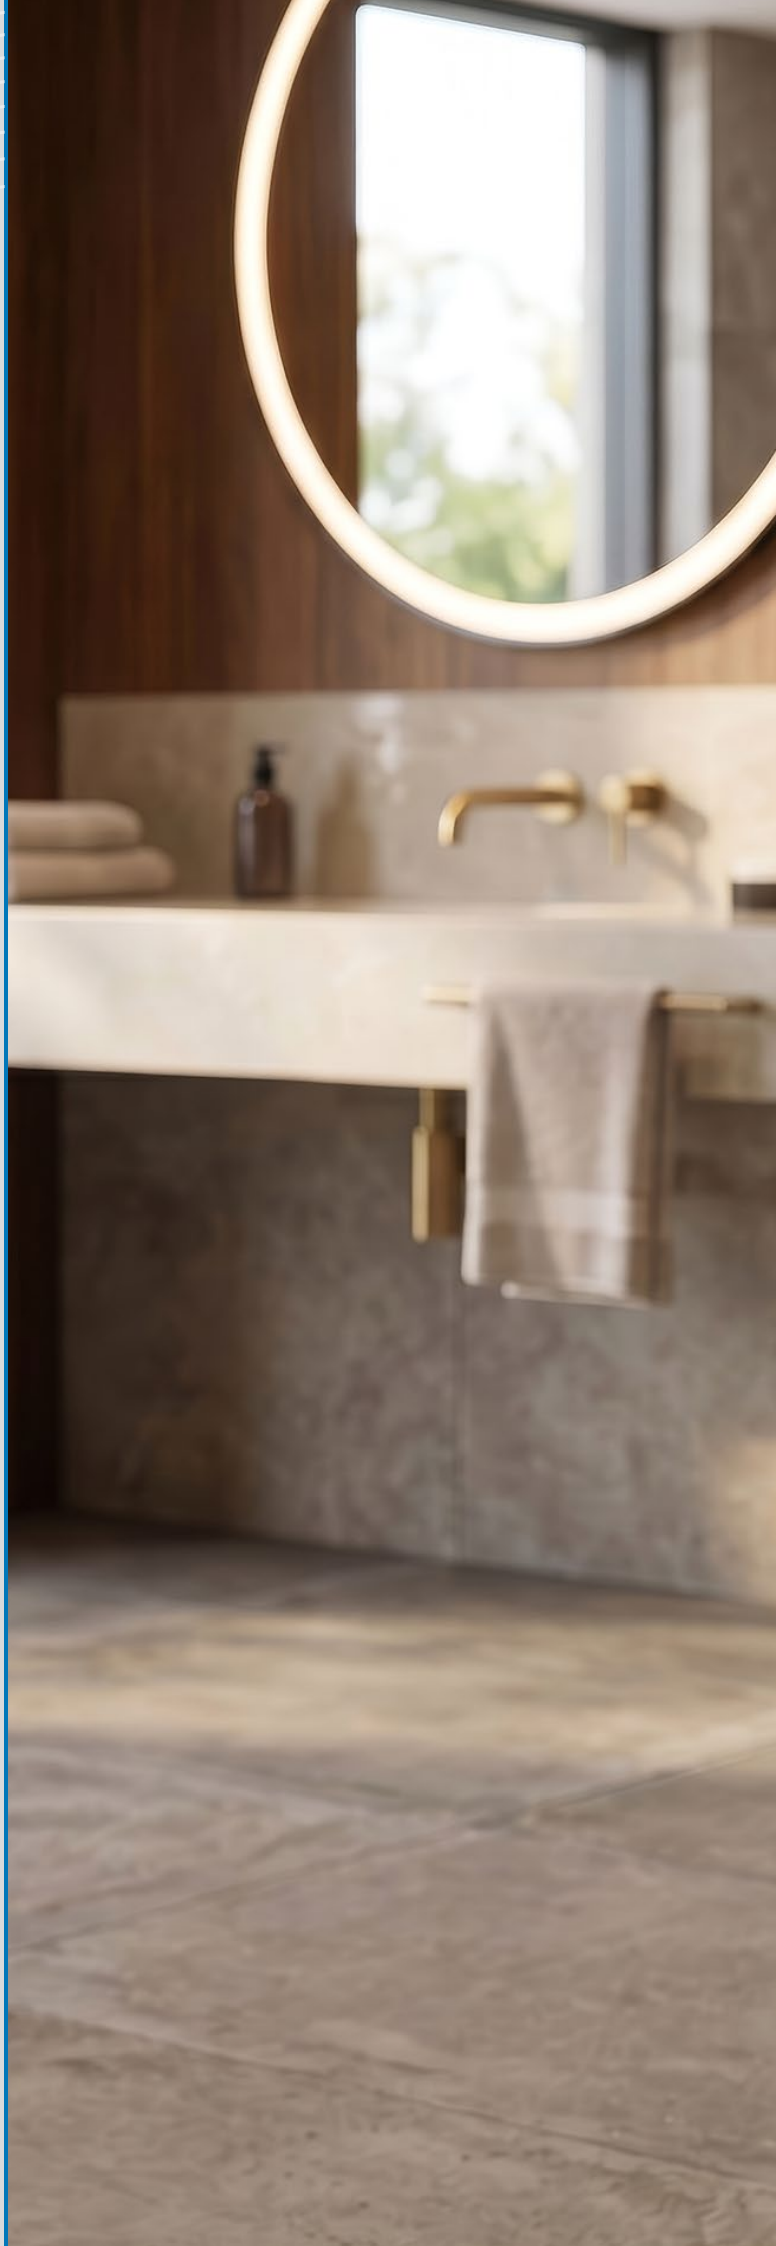

Bremmer is a trusted name in hygiene excellence, dedicated to delivering high-quality, reliable solutions that create cleaner, safer environments. As hygiene specialists, we combine industry expertise with a commitment to innovation, ensuring that every product meets the highest standards of cleanliness and efficiency.

HAND DRYERS

For those seeking the best in performance, design, and energy efficiency, our high-tech hand dryers deliver cutting-edge functionality while lowering carbon footprint and running costs, making them ideal for high-footfall environments.

BREMNER

Power Blade

Hand Dryer

The Power Blade Hand Dryer combines high-precision airflow with fast drying technology, taking hands from wet to dry in just 7 to 10 seconds. Built from ABS and 304 grade stainless steel, it delivers durability alongside a sleek, contemporary finish. Featuring a HEPA filter that captures 99.9% of bacteria and operating at only 73 dB, it ensures a hygienic and comfortable user experience.

-  **HIGH VELOCITY, LOW ENERGY**
Energy efficient & fast drying
-  **HYGIENIC HEPA FILTER**
Captures 99.9% of bacteria
-  **HIGH PRECISION AIR FLOW**
Wet to dry in 7 to 10 seconds
-  **UVC STERILISATION**
Hygienic & effective
-  **LED ILLUMINATION**
Practical & functional

TECHNICAL SPECIFICATION

Dimensions	H 488 x W 300 x D 210mm
Weight	7kg
Noise Level	73 dB
Drying Time	7 to 10 seconds
Rated Power	1650W
Material	ABS & 304 stainless steel
Air Velocity	106m/s
Air Temperature	20-45°C
